

## École John Wilson Elementary Education Plan 2021-2022

Goals	Academic Excellence	Social Emotional Well-being	Career Connections
Understanding the Context	CESD students will reach their highest academic potential.	Students will have the knowledge, skills and attributes to respond to their social emotional needs. Staff will have the knowledge and skills to respond to the social emotional needs of themselves, their students and colleagues.	CESD students will enrol in formalized post secondary learning or career training beyond high school.
Target	<ul> <li>93% of CESD students will be reading at or above grade level.</li> <li>100% of CESD students will meet the acceptable/satisfactory standard, and 25% of CESD students will achieve the standard of excellence/ proficiency on grade level assessments.</li> <li>Interventions will be identified as needed to support Indigenous student success.</li> </ul>	Any student or staff member challenged in an area of social emotional well-being will have access to division supports and services. Each student will achieve an attendance rate of 90% or higher. 85% of CESD staff will complete the Social Emotional Well-being Certification Series. 100% students completing the social emotional wellness course.	All students will be exposed to career pathways and opportunities. Kindergarten to Grade 4 students will expand their awareness of personal interests and strengths.
Refined Strategies	Grade 1-4 students will participate in diagnostic, standardized assessments in reading, writing, and mathematics to determine level of ability and inform teaching practice. Teacher teams will analyze student data and put necessary interventions in place. Teachers, parents, and students will work together in creating an academic plan to support students unable to achieve at grade level. Teachers and school teams will accommodate, adapt and modify content where appropriate to ensure students can reach their highest academic potential. Effective use of technology will be embedded into instruction, assessment, and student learning.	Staff members will respond to the social emotional needs of their students through use of the collaborative response model and intervention plans. Staff members will use the supportive process (KITE) for the most vulnerable students. Division staff will use the <u>Social</u> <u>Emotional Framework</u> tool to identify student needs and plan interventions. Division staff will use a self-evaluation survey to enhance their skill set in supporting student social emotional well-being. School teams will examine attendance data and its impact on student success, working through a system of support with students and families.	Elementary students will be exposed through guest speakers, and curricular activities to future careers and opportunities. Other tools such as learning journals and picture books will be used by teachers to provide exposure to the many possibilities of career opportunities available to students.
